**FISH STOCKING** - The fish stocking programme is going very well and this year we have just spent £1,500 on 2-51b carp which went into Kessingland beginning December and £2,500 on 1/2-21b bream for Reydon pit 1 (Sherwood Water) which will be put in at a later date.

**PROTECTING OUR FISH** - It has been suggested that plastic drums be provided at each site for disinfectant dips to be installed and this will be discussed at the open meeting.

**TOILETS** - A new disabled toilet has been bought and installed on Reydon Sherwood Water at a cost of £1,761.33 and this will be pumped and cleaned on a regular basis at an extra cost. Also an access pathway from the disabled areas needs to be put down and this is under discussion at present. However these costs will need to be reflected in our subscription for 2008.

**BUSS CREEK** - Work has been very slow and we can only apologise for such a long closure of Pit 3 and Buss Creek. An update will be given at the open meeting.

**AWARDS FOR ALL GRANT** - Unfortunately we have once again been turned down for this grant.

**ADMINISTRATION COSTS** - To help offset the cost of paper, envelopes, stamps etc. we are only sending one newsletter per household but if this causes any difficulties, please let me (Lilian) know and I will send individual copies. Also I can send them via email if you let me have your email address but you must remember to let me know if you change it.

**HAVE A HAPPY CHRISTMAS AND PROSPEROUS NEW YEAR** and I hope to see you at the Open Meeting and AGM.
